***Money is awarded on the basis of means testing. All financial information must be included for your application to be processed. Also, check all the appropriate boxes below.***

### Application for pocket money:

Do you wish to apply for pocket money for your stay in Norway? Yes:  No:

The Memorial Fund Scholarship only covers expenses for food and lodging, but based on means testing (see the questions above) some applicants will also receive a small amount, 200 NOK (currently about 30 USD) each week of their stay in Norway at a folk high school. This is to help foreign students to meet everyday needs, because of the relatively high living expenses in Norway.

Not everybody that applies for Additional Financial Aid will receive pocket money.

If pocket money is **not** awarded, will you still be able to accept the Memorial Fund bursary?

Yes:  No:

## Application for a travel grant:

Do you wish to apply for a travel grant to help finance the return journey to your home country? Yes:  No:

Normally you have to pay for your own tickets to Norway and back. However, if your return ticket costs more than NOK 1000 (currently about USD 150) you may apply for a grant to cover the amount in excess of NOK 1000. This grant will only apply to the least expensive way of traveling. If you are awarded a travel grant, you will receive the money to help pay for your journey home **at the end of your stay** in Norway. Therefore, you buy a roundtrip ticket before you leave your home country.

Not everybody that applies for Additional Financial Aid will receive a travel grant.
